TESTIMONIALS

"*Crochet World* is my favorite. I may not make something right away. I have gone back to past issues years later. I look forward to getting the next issue. I like that you have been having more thread patterns. I do like learning new techniques. Keep up the good work."
—Carol M.

"I enjoy getting each copy of my *Crochet World* magazine. I like holding it in my hands to read the articles and slowly look at each design and review the pattern instructions. I have every magazine since I subscribed in my library, so that I can go back and make my favorites again." —Sharon W.

"I love the variety of the well-written patterns. There is always at least one new thing—usually two or three—I can't wait to make or try. It is my favorite crochet magazine, and I look forward to receiving it. I have also purchased it as a gift for friends."
—Rhonda U.

"I love the variety of patterns! They cover everything, not just jumpers!"
—Deb R.

"I've been an admirer of *Crochet World* since I started to seriously crochet in the early 1990s, and it may actually have been 1990 when I retaught myself and it stuck. Back then, *Crochet World* was about the only magazine available. But I remember the thrill of the release of the latest *Crochet World* because you never knew what you'd find. I recently renewed my subscription because I was seeing interesting doilies pop up in the new patterns feed, and noticed that *Crochet World* was publishing at least one per issue." —Leslie

"I have always loved *Crochet World*. It's the only crochet magazine I subscribe to. I first got it 40+ years ago when my kids were babies. Now, in retirement I love this great crochet magazine. Always has wonderful variety of patterns." —Jeni H.
